Furniture Manufacturer in the USA since 1990 with products you can trust. [Back to main Tables of Contents](#)

We manufacture furniture to our network of authorized dealers who in turn provide excellent products and services to end-users of workplace settings. These spaces can include private and collaborative offices, conference and community rooms, lounge areas, and many more.

Southern California has been our home since our establishment. We began in Pico Rivera as a small manufacturer, and in 2004, moved to our current location in the City of Commerce — about 8 miles from east of Downtown Los Angeles — that gave us a larger facility to manufacture in.

Faustino's Furniture Manufacturing has a great history of providing service to customers that can be relied on. Completing projects in diverse furniture settings, from traditional to modern, has given our staff combined manufacturing and management experience in creating cost-effective products. We've been in business since 1990, and we understand what it takes to provide furniture for every application that suits each of your furnishing needs.

Our core product lines are Seating, Case Goods, Reception Units, and Tables with a focus on wood craftsmanship. We offer standard finishes to a wide range of materials that include laminate, veneer, hardwood, plywood, fabrics, vinyls, and leathers. Additionally, we can accommodate our customers own material (COM).

- 33+ years in business
- 8 miles from Downtown Los Angeles
